

4th MONDAY OUTINGS

26th Sep – 8am

La Balsa Park, Buddina.

Pt Cartwright is one place where we often see Fairy Gerygones, and Sep will be the peak for Humpback Whales passing as they move back to Antarctica. There is action to get greater protection for this forest, so join us for an easy walk along the headland.

Meeting Point: A parking bay is located at La Balsa Park at the corner of Harbour Pde & Gulai St, Buddina.

24th Oct – 8am

Floydia Nature Reserve, West Woombye.

Floydia is a 34ha site that was originally cleared farmland. After revegetation works it now consists of low open forest and lowland subtropical rainforest. With 300 species of plants it will be good to see what fauna we can find.

Meeting Point: Meet us on White Cedar Pl. 300m past Menary Ln.

28th Nov - 8am

Blackbutt Forest, Aura.

Really interesting forest on coast. We have current ID'd over 70 species here and it should be active at this time of year, particularly with a good chance of hearing acid frogs in the neighbouring low areas.

Meeting Point: Meet in the car park next to the playground and dog park towards the end of Eden Drv, Aura

Faunawatch Regular Survey Maroochy Bushland Botanic Gardens

Our regular Maroochy Botanical Gardens walks continue through 2022. This survey on the second Wednesday of the month provides an opportunity for anyone to come along and find out more about Faunawatch. Meeting in the car park we start with a walk on one of the several trails in the gardens followed by BYO morning tea and general discussion.

Each survey starts at 8am;

Wednesday 10th Aug 2022
Wednesday 14th Sep 2022
Wednesday 12th Oct 2022
Wednesday 9th Nov 2022

Faunawatch would like to thank the Sunshine Coast Council for their continual support of the program through the Environment Levy Partnership Fund.
