

FAUNAWATCH

Newsletter 101 - Feb 2023

4th MONDAY OUTINGS

27th Feb 2017 - 8am

Ben Bennett Park – Queens St, Caloundra.

A great way to start the year in one of the most easterly conservation areas in the Sunshine Coast. A mix of eucalypt and melaleuca forest give refuge to a variety of species within an urban environment.

Meeting Point: The car parking bay is on Queen St., 300 metres west of the high school.

27th Mar - 8am

Upper Coochin Creek Environmental Reserve. Caralan Way, Beerwah.

Reaching from Tower Hill to the west, along Upper Coochin Creek to the Beerwah high school bushlands and train tracks to the east. This remnant riparian zone can produce over 55 species of birds.

Meeting Point: Corner of Caralan Way/Emma Plc next to Caralan Way Park.

24th Apr – 8am

Emu Mountain, Coolum.

This is a really good walk through coastal wallum in the Noosa National Park. If we don't see a Peregrine Falcon we should at least see some endemic flora.

Meeting Point: Parking is at the end of Havana Rd East (access from David Low Way), next to Coolum State School.

22nd May - 8am

Koala Park, Rosemount. Panorama Dr, Rosemount.

A great 16ha park on the eastern side of Nabour. We didn't get a koala last time so let's try our luck again!

Meeting Point: In the car park at 123 Panorama Dr, Rosemount.

Faunawatch Regular Survey Maroochy Bushland Botanic Gardens

Our regular Maroochy Botanical Gardens walks continue through 2023. This survey on the second Wednesday of the month provides an opportunity for anyone to come along and find out more about Faunawatch. Meeting in the car park we start with a walk on one of the several trails in the gardens followed by BYO morning tea and general discussion.

Each survey starts at 8am;

Wednesday 8th Feb 2023
Wednesday 8th Mar 2023
Wednesday 12th Apr 2023
Wednesday 10th May 2023
Wednesday 14th Jun 2023

Faunawatch would like to thank the Sunshine Coast Council for their continual support of the program through the Environment Levy Partnership Fund.
